

Welcome to the 8th Grade

[2018-2019]

*Challenging students to
REACH their DREAMS!*

Dear Parent or Guardian,

We are excited to meet your child and look forward to a great year! We have high expectations for all our Eighth graders, so all students are prepared for high school. The support your child receives when you and the school work together is imperative to his or her success. By working together and communicating as much as possible, we can help provide the encouragement or safety net that is so often needed during the middle school years.

We look forward to working with your son or daughter this year!

—Eighth Grade Teachers
