

Please remember that the school needs an updated copy of your child's immunization record at the start of every school year. If your child is entering into 6th grade for the 2019/2020 school year, they will be required to receive the Tdap, MCV4, and their 2 Hepatitis A shots in order to be compliant. If your child has already received these, please send in an updated shot record to the health office *no later* than the start of school on July 29th, 2019. If your child has not received these already and will be in 6th, 7th, or 8th grade, please make an appointment for your child to receive them before the start of school and send in the updated record. If you have any questions, please feel free to contact the Hazelwood Health Office at 812-542-3312.
